Dear Colleagues,

The year 2014, will mark 100 years since the first Head and Neck Cancer Surgery service was established at Memorial Sloan-Kettering Cancer Center in New York City. To celebrate this momentous occasion, The International Federation of Head and Neck Oncologic Societies (IFHNOS) will hold its 5th World Congress in New York. The American Head and Neck Society (AHNS) will hold its Annual Meeting jointly with this world Congress. This historic conference promises to be the largest and most informative conference in Head and Neck Surgery and Oncology, where experts and leaders from around the globe will present their work and celebrate a Century of Progress in Head and Neck cancer.

We extend an invitation to physicians, surgeons, residents, fellows, research scientists and specialists from all allied fields, as well as speech pathologists, nurses, and all involved and interested in Head and neck Cancer, to come to New York and participate in this memorable event, which will offer cutting edge knowledge in Head and Neck Oncology. The conference will offer keynote addresses, panels, symposia, debates, video sessions, proffered papers, posters, instruction courses, breakfast sessions and lunch with the professors, giving ample opportunity for individual interaction with world leaders during this four day conference.

An outstanding Social Program is organized for spouses and family. The conference will take place at the Marriott Marquis Hotel in Times Square, in the heart of the Theater District and Broadway. We look forward to welcoming you to this intellectual and social extravaganza, and feel the thrill of the big apple, in the summer of 2014…

Sincerely Yours,

The Executive Committee
